## SKILLS

Python

- Selenium
- BeautifulSoup
- Requests
- Django

HTML

CSS

Bootstrap

Photoshop

Illustrator

## EDUCATION

### BS Computer Science

UAJK, Muzaffarabad AJK  
2016-2020

### Secondary Education

AJK BISE Mirpur, Pakistan  
2014-2016

### Intermediate Education

AJK BISE Mirpur, Pakistan  
2012-2014

## PROFILE

I graduated in Computer Science from the University of Azad Jammu and Kashmir in 2020. Due to limited job opportunities during the COVID-19 pandemic, I started freelancing in graphic design. Later, I worked as a Graphic Designer at **BEART AND GIBSON**, where I discovered my passion for Python development. I gained a solid understanding of Python fundamentals and worked as a Python Developer at **MAXI SOLUTIONS**. Currently, I am a Python Developer at **MEDS IT NEXUS**, working with Selenium and BeautifulSoup. I continue to expand my knowledge and skills in Python development and am now learning Django to further enhance my capabilities.

## EXPERIENCE

### Python Developer ( Selenium and BeautifulSoup.)

MEDS IT NEXUS

January 1st, 2023 - Present

#### Responsibilities:

- Develop and maintain web scraping tools using Selenium and BeautifulSoup.
- Generate the leads Using From Different Websites
- Collaborate with data scientists to ensure data accuracy and reliability.
- Automate the website Using Python Script

Python Developer (Website Scraping)

MAXI SOLUTIONS

February 1st, 2022 - December 26, 2022

#### Responsibilities:

- Implemented web scraping solutions to gather data for analysis and reporting.
- Optimized scraping scripts for performance and scalability.
- Worked closely with cross-functional teams to understand project requirements and deliver timely solutions.

Graphic Designer

Beart and Gibson

December 1st, 2020 - September 31, 2021

#### Responsibilities:

As a Graphic Designer, I designed visual content for various marketing materials, including social media posts, banners, and flyers. I collaborated with clients to understand their branding requirements and deliver creative solutions, utilizing Adobe Creative Suite to create high-quality graphics and visual effects.
